

VITIS

VODKA

DISTILLER'S BLEND

VODKA

Our Distiller's Blend is made in the same fashion as a blend of fine wines. Each of the single varietal vodkas are kept separate until the final step and then evaluated and tasted by our master distiller to determine our ultimate blend. Like some of the great blends from the Bordeaux area of France, we think that our Distiller's Blend might actually be our best. If you taste very carefully, you can identify each of the flavors of our singular varietal vodkas in each sip. This vodka is a wonderful choice for those who want to experience the flavors of each grape varietal in a single tasting.

TASTING NOTES

Nose: Clear, elegant aromas of spiced fruit dominate the nose.

Palate: A beautiful blend of flavors of tangy and sweet fruits, including grapefruit, pineapple, and lemon.

Finish: A pleasant, lingering finish that lightly coats the mouth.

VITIS VODKA

OUR PROCESS

Vitis is an ultra-premium vodka made entirely from the "Vitis Vinifera" grapes grown on the Roza Hills Vineyards in Washington State. Unlike other grape vodkas, our vodkas are made to showcase the diversity of the Vitis vinifera grape by producing singular varietal spirits using the same care and techniques used to make fine wines. This particular vodka was made using a blend of grapes harvested in the fall of 2013 from our vineyard in Zillah, Washington, and processed into wine at our sister facility, Silver Lake Winery. After the wine was fermented cool to preserve its fresh fruit flavors it was brought to our Woodinville facility and distilled in our Kothe Vodka Still, then aged for three to four weeks in tank before being bottled.
